

12th International Carpathian Control Conference

ICCC'2011

Ostrava – Beskydy

(Velke Karlovice, Wellness Hotel Horal)

Czech Republic

25th - 28th May, 2011

VŠB-Technical University of Ostrava
Department 352, ICCC'2011 secretary
Av. 17. listopadu 15
708 33 Ostrava-Poruba
Czech Republic

The aim of the conference

The aim of the conference is to support exchange of information and experience in the field of automation in engineering and production, in research, applications and education. The conference will enable to present the most recent advances in complex mechanization, robotics, control of production and technological processes, including quality control systems oriented to environment, means of support, and information technologies.

Scientific Program

The scientific program of the ICCC'2011 conference is divided in these areas, which will run in parallel sessions:

1. Measurement, sensors, monitoring and diagnostic systems.
2. Identification, modelling and simulation of processes and systems.
3. Theory and application of control systems.
4. Automation, mechatronics, robotics.
5. Intelligent embedded systems and instrumentation
6. Information systems (SCADA/HMI, GIS, MES) and their Internet support.
7. Engineering application of informatics.
8. Quality control systems (TQM), production management and industrial logistics.
9. Engineering education in Control and Computer systems.
10. Embedded systems.

The official language of the conference is English.

Important deadlines

November 30, 2010 - Registration and abstract submission.

December 15, 2010 - Confirmation of registration.

January 15, 2011 - Full papers submission for review.

March 1, 2011 - Notification of acceptance (after review).

March 10, 2011 - Submission of final camera-ready papers, the final registration card delivery, accommodation reservation and payment of the conference fee.

May 25-27, 2011 – conference negotiation.

May 27-28, 2011 – post-conference workshop.

Place of the conference

The hotel Horal is situated on the outskirts of Velke Karlovice near the Slovakian border. You can find several of the hotel establishments in the picturesque mountain valley full of classical Valachian cottages. Beautiful countryside of the mountain foothills and spectacular views of the valley make this hotel an attractive place for your visit. Given its location and services, the hotel has an ideal setting for active vacation combined with relaxation or wellness program or an enjoyable family recreation. Hotel provides wellness services as spa, pool and sauna, selection of massages, inhalation, electro-treatment and mud baths. They offer also fitness centre, squash court, golf club and cosmetic studio.

Meals are served directly in the hotel restaurant with a wide selection of Czech and Moravian national meals and hotel's special cuisine. There is also a day bar and a cafeteria with a wide choice of drinks.
